

# Task 1: Map

**Subject:** THE FOLLOWING MAPS SHOW SOME OF THE CHANGES THAT HAVE TAKEN PLACE IN DUBAI IN RECENT DECADES

## Model Answer #1

### Response:

The development of the Clock Tower roundabout in Dubai is undeniably remarkable. The two photos apparently illustrate the significant transformation of the area over time.

In the initial image, the roundabout is surrounded by vast expanses of sand and minimal infrastructure. The presence of only a few buildings in the background indicates the area's limited urbanization. The iconic clock tower stands prominently as the focal point, amidst the relatively barren landscape.

Conversely, the subsequent image portrays a stark contrast. The once barren roundabout is now a vibrant and bustling hub, with towering skyscrapers dominating the skyline. The extensive urbanization has completely altered the environment, replacing the desert with a thriving metropolitan landscape.

To conclude, the progressive transformation of the Clock Tower roundabout in Dubai bears testament to the city's rapid advancement and expansion. The remarkable changes depicted in the photos serve as powerful evidence of Dubai's ongoing growth and development.

## Model Answer #2

### Response:

The evolution of the Clock Tower Roundabout in Dubai is indicative of the city's dramatic urban transformation over recent decades.

The juxtaposition of the two illustrations reveals a significant metamorphosis from a primarily barren landscape to a vibrant urban hub.

The initial illustration, depicting 'Dubai in the past,' showcases a predominantly arid environment characterized by expansive sand areas and sparse infrastructural development. Notably, the image features only a limited number of structures—specifically three buildings—highlighting the minimal urban presence of the time. The iconic clock tower serves as the central feature amidst this largely desolate backdrop, which is devoid of extensive vehicular traffic and substantial greenery.

In stark contrast, the modern depiction of 'Present-day Dubai' unveils a bustling urban landscape marked by a proliferation of buildings of varied heights and an increased volume of traffic, signified by numerous vehicles navigating the routes emanating from the roundabout. The enhanced urban environment is further accentuated by a substantial increase in greenery, signifying a shift towards a more balanced and aesthetically pleasing urban ecosystem. This transformation illustrates the dynamic growth and comprehensive development characterizing contemporary Dubai.

### Evaluation:

#### Overall Band Score: 9

**Task Response (9):** The report provides a comprehensive and accurate analysis of the visual information, effectively addressing all aspects of the task.

**Coherence & Cohesion (9):** The report is well-structured and flows seamlessly, with clear transitions between paragraphs and ideas. The use of cohesive devices is sophisticated and enhances the overall clarity and readability.

**Lexical Resource (9):** The report demonstrates a wide range of vocabulary, using precise and sophisticated language to describe the visual information. The choice of words is appropriate and effective, showcasing a strong command of lexical resources.

**Grammatical Range & Accuracy (9):** The report exhibits a wide range of grammatical structures, used accurately and with fluency. The sentences are varied and complex, demonstrating a high level of grammatical control.
